Pike

Dear Mr. Pike:

I want to thank you for your letter of 13 October concerning the correspondence you received from Dr. Julius Mader of East Berlin.

As you probably know, Dr. Mader's book "Who's Who in the CIA" which first appeared in 1968, was the very first book published solely to expose the identities of persons suspected of being CIA employees. Unfortunately, Mr. Agee and his companions, as witnessed by their recent book "Dirty Works," have seen fit to continue on in this most potentially destructive activity which I personally find so distressing. It is my hope that the Congress will pass the necessary legislation to enjoin the publication of such exposes which threaten the lives of dedicated intelligence personnel.

I wish you and your family well in the coming years of your retirement from Congress.

Yours sincerely,

/s/ Stansfield Turner
